

## How It Works: Ordering Your Custom Lollipops

Fully edible & customizable!

Here's a short breakdown of how easy it is to order lollipops from us:

- Step 1: Choose the size you want
  - We offer two sizes: 35mm and 50mm.
- Step 2: Pick your flavor
  - Choose from any of these delicious flavors: Bubblegum | Butterscotch | Cherry | Cotton Candy | Strawberry | Vanilla
- Step 3: Choose your design
  - You can either send us your design or let us help you create one. We'll provide two design options for you to choose from.
- Step 4: Tell us how many lollipops you need
  - Our minimum order is just 6 lollipops. We suggest ordering a little extra because people always ask for seconds!
- Step 5: Let us know when you need them
  - We typically need 7–10 working days to prepare your order. If you need them sooner, just give us a call and we'll see what we can do! We schedule the lollipops closer to your needed date to ensure they stay fresh.
- Step 6: Collection or Delivery
  - Let us know if you'd like to collect your lollipops or have them delivered. If you choose delivery, we'll need your address. Delivery charges depend on your location, and we ship with The Courier Guy. Don't worry, we deliver all over the country!
